¡Milwaukee Evaluation!

FIELD DEVELOPMENT, NETWORKING & PIPELINE **AEA**
AFFILIATE

Dear Colleagues,

¡Milwaukee Evaluation! Inc. has been unwavering in our vision for real social justice. Since our inception, we have been working towards social justice, holding fast to our values, operationalizing social justice through our activities, and exploring the use of culturally responsive evaluation (CRE) practices in Wisconsin.

This summer we created a survey to understand when, how and if CRE is used, what factors facilitate its use or non-use, and its effect on the evaluation process. The survey was reviewed by the AEA President, a member of AEA's Cultural Competence in Evaluation Statement Dissemination Work Group, and members of the Wisconsin evaluation community. The results will be a springboard for our work in the coming years!

We hope that you support and engage in a vision for fairness and equity by completing this survey.

¡Milwaukee Evaluation! Inc. invites

"In line with my call this year for increasing the dialogue about race and class, ¡Milwaukee Evaluation! Inc. is further promoting this effort with their work around cultural competency in evaluation. I support this work and encourage you to join this effort by taking this survey."

Responses will be analyzed and presented in a report shared with the Wisconsin evaluation community, where you can further decide what the findings mean to you and your work, and engage ¡Milwaukee Evaluation! Inc. members in ongoing learning and reflection. Results will also help identify webinars and speakers in the months to come. We truly hope that this will be a starting point for deeper dives into culturally responsive evaluation that authentically benefits the communities we all belong to and engage.

Please complete the survey by Wednesday, September 27, 2017.

If you have any questions please contact Kate Westaby at kwestaby@wisc.edu.

Join ¡Milwaukee Evaluation! Inc. -- your Wisconsin evaluation affiliate

¡Milwaukee Evaluation! Inc. offers professional networking and development to evaluators and other practitioners and is an AEA statewide affiliate. Your membership will help bring evaluation speakers to Wisconsin. Membership dues also support our pipeline initiative to increase the number of evaluators of color and other underrepresented groups such as LGBT, low-income, rural, and non-college enrolled youth and lay evaluators. Annual membership dues are affordable at \$10 for students/non-college enrolled youth and \$25 for practitioners/evaluators.

Thanks for responding to the CRE Survey!
